

Strategic Goals

- To give our clients a voice in court and obtain good results, which in turn enhances rehabilitation, strengthens families, and improves communities.
- To provide high quality legal representation that protects the rights of our clients and ensures that they receive equal treatment in court regardless of age, gender, ethnicity, religion, and financial resources.
- To ensure that all clients and others with whom we have contact are treated courteously, ethically, professionally, and respectfully.
- To adhere to all ethical standards.
- To maintain the highest level of skill and respect in the juvenile and mental law community.
- To work in partnership with other agencies to improve access to justice for all, develop sound policies, and enhance rehabilitative services.
- To maintain recognition as an effective and dynamic leader among organizations responsible for legal representation of juveniles, parents, and those facing court ordered mental health treatment.
- To maintain recognition as a leader in the training of attorneys and other professionals throughout the state.
- To maintain our community outreach activities to assist Maricopa County citizens in becoming participating members of their community.
- To perform our work in a fiscally responsible manner.
