Discussed the following points with customer during adoption.

1. Signs of distemper
2. Kennel cough – very common for dogs to break after going home
3. Customer is responsible for all medical needs once dog leaves building
4. Following up with vet to determine what boosters may be needed
5. Necessity to keep pet separate from other pets at least a week, due to possible exposure
6. Check your email for important documents, including free vet exam
